### Ex. 6 Personal Privacy (PP)

Thank you for working with us to identify locations with falsified data. I will separately send you a link to a OneDrive folder. In the mean time, I suggest reading the attached fact sheets and writeups about falsification in the order I have attached them. You don't have to read them all before the call. But I will go over them verbally, so it would help for you to be able to follow along. For the "Tetra Tech Choice" letter, just read pages 6-7 of the pdf.

Also, this information contains material that is related to ongoing investigations, so please protect it as enforcement confidential.

Thanks!

- Lily
